County Council,

Our annual May Tax Sale was held today. We had 3 parcels up for Auction. Parcels ASR-9-A and SS-43-3 sold for the amount of taxes, interest, penalties and tax sale costs associated with the sale. Parcel SS-48-3 did not sale, therefore Summit County now owns this property. I have attached a map that includes the property Summit County now owns.

The sale went well. We don't anticipate any problems with the 2 sales.

At this time I am asking that these 2 sales be ratified. After which I will prepare and submit the Tax Deeds to the Recorder to be recorded.

Thank You for your consideration in this matter.

Sincerely,
