Kamas Valley Meadows and Watershed Protection Agenda:

~ Welcome 8:30am

~ Jan Perkins and Doug Evan's short Introduction comments – 5 minutes

~ Doug Clyde's Water Quality Power Point Presentation for the Kamas Valley Water Shed - 20-25 minutes

~ Group Discussion of ideas on how we can best protect our watershed, water quality, in the Kamas Valley - for the remainder of time

~ Please come with your ideas on how we can protect our watershed from development and its effects on water quality and quantity for the Kamas Valley and those who live downstream.

And let us know what we need from others and other councils/commissions/boards in order to achieve this goal, and how to best engage and educate the public.

~ Do we want to create a "Brain Trust" of sorts to protect Kamas Valley water quality?

Adjourn approximately 10am
